SUOMEN FYYSIKKOSEURA
FINLANDS FYSIKERFÖRENING R.Y.

FPS Newsletter #2

23.9.2021

The FPS Newsletter collects recent news from the FPS and its activities. We also welcome relevant news items, such as physics-related events in Finland, or recent research highlights. The idea is to keep the Newsletter compact and easy to read.

News from FPS

- [Physics Days](#) 2022 will be organised by the Aalto University **2-4 March 2022**. Note the change of dates from what was announced at Physics Days 2021!
- [FPS Master's Thesis Prize 2021](#): Send your nominations.
- [FPS autumn grant call](#) to support physics-related activities now open. Deadline: 8.10.2021.
- Membership fee invoices were sent to the members 17th May. The invoicing is processed by *Maventa Transactions*. If you have technical problems related to the invoice, haven't received it, or want to update your [membership category](#), email address or contact information, please contact toimisto@fyysikkoseura.fi.

Outreach and events by FPS

- Finnish Young Minds will organize more Science Café events under theme "Physics in Finland" this autumn. The first event is planned for 5th October at 18:00. Follow advertisements at <https://www.fyysikkoseura.fi/language/en/category/news/> and Twitter @Fyysikkoseura

News from the European Physical Society (EPS)

- EPS has begun its search for the [next EPS Secretary General](#).
Deadline for applications: 31st October 2021.
- [Call for nominations for the EPS Emmy Noether Distinction - Winter 2021](#). Deadline 15.10.
- **Proposals for EPS Historic Site in Finland:**
So far, no EPS Historic Site in Finland. Sites that are significant to physics and its history can be considered for the Historic Site distinction from the EPS. Examples of what can be considered are: Places (laboratories, buildings, institutions, universities, towns, etc.) associated with an event, discovery, research or body of work (by one or more individuals), that made important contributions to physics. This includes places where instruments and/or apparatus were designed making significant contributions to physics and research.
Send your proposals with justifications by 31.10. to toimisto@fyysikkoseura.fi.

Europhysics News

- [Europhysics News 52/3](#): Low Temperature Physics (21st June 2021)
- [Europhysics News 52/4](#): Advancements in Nuclear Physics (17th Sep 2021)

IUPAP 30th General Assembly

- [30th General Assembly of IUPAP](#) will take place 20-22 Oct 2021 as an online meeting.

*** If you want your news to appear in the FPS Newsletter, please email toimisto@fyysikkoseura.fi
